

From the President Tania Aisbett

President Tania with PP (Rotary Horsham East)
Rob - aka "Dad".

My Rotary journey started 31 years ago as a young country girl heading off to Sacramento, California in the big old US of A for a year as a Rotary Youth Exchange Student. To say that this year had a profound effect on me is an understatement. There is nothing quite like completing your first ever project and the sense of achievement you get from that. I knew in that moment that Rotary was going to be my avenue for giving back to the community. My first project was building a bus shelter, my last project was heading to Cambodia and in between these two, many fundraising activities to realise our dreams of making a difference in this world through the connections Rotary makes. Whether it be at the humble BBQ, or the children whose lives are changed by introducing a vegetable garden and sanitation.

I look forward to continuing on with all our wonderful projects and look forward to new ideas that will strengthen our commitment to all people whether in our local community or abroad. Most importantly I want the clubs wonderful sense of self and the support that each of us give to each other to continue to grow and strengthen.

I am looking forward to a great year and the support from all the role models that have come before me.

What a wonderful evening was had by all at the Rotary Chadstone East Malvern Changeover Dinner. Frank did a brilliant job as MC for the event and keeping everything running smoothly. Alick finished his year with style, grace and great finesse, achieving and living the goals of his year motto of "be the inspiration". What an amazing club we have with so many wonderful activities for you to choose from.

Recognition

Changeover provided a lovely opportunity to recognise members and friends of Rotary for the great things they do in our community.

As now Past-President Alick noted it is one of the great pleasures and privileges of the President's year to recognise such deserving recipients.

Paul Harris Fellow Recognitions

Cheryl Jenkins

Rosemary Johnston

Trevor Simpson-Bull

Although Lin didn't take out the Zone 8 award, we are very proud of her and all that she does.

Lin Hughes

Great to see DG Nominee Philip Archer on hand to present all of the awards and recognitions.

Jenine Pallant

Royce Abbey Award

Tracey Farnsworth

Lin Hughes – District 9800 Humanitarian of the Year.

Lin Hughes was recognised as the District 9800 nominee for the Zone 8 Humanitarian of the Year.

Wednesday 10th July

Speaker: Alick Osborne – Regenerative Agriculture.

Interest in Regenerative Agriculture is sweeping the world and helping farmers to achieve greater profitability. It is touted as having significant potential to sequester carbon in the soil, and improve water infiltration, food quality and biodiversity. The principles of regenerative agriculture can be applied to grazing, cropping and horticulture. Alick is perhaps uniquely unqualified to speak on this topic having not lived on a farm since he was a teenager. Still it could be interesting...

Welcome: Janet & Bernard

Sergeant: Tracey

Chair: Alick

Upcoming Events

Bunnings BBQ
Saturday 20th July
